

4K / 2.7X / 5X HIGH POWER LED BULLET

HD IP BULLET CAMERA _ NBT7
8MP / WDR / TDN
DC12V / PoE+ / IP67 RATED

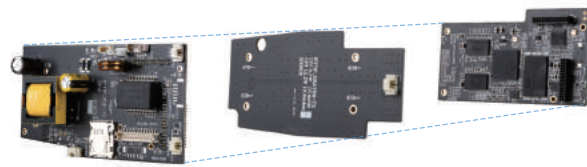

The most effective high power IR LEDs

6 high power LEDs up to 30 meters(100ft) visibility recognizes objects clearly at the low-light. It is compact and has excellent performance, such as regular cameras with 45~60 LEDs.

2.7 / 5X Zoom and 4K Ultra Hi-Res

CPRO's own designed Zoom Module gives high speed zooming. We have the one with 1/1.8 inch Image sensor, 2.7X Zoom and the other with 1/2.8 inch Image sensor, 5X Zoom. 4K sensor provides clearer and more accurate images.

PoE+ board

Heater

IP board

Cold Starter Built-in

For extreme low temp. environment

Well optimized cold starter circuit gives easily booting up in case of extreme low temperature at below -40°C condition.

External Control

Reset / 2nd Video Output / SD Card

Truly easy to Install

Size wise is even half than other similar performance goods with 3 axis type of double arms bracket that gives the easiest way to install as just one bolt screwing.
